Dear Vishnuvardhan Rao garu,

Sairam,

Thanks for your mail. Very nice to receive your mail after a long time. You must be very busy with all the responsibilities you are shouldering.

I happened to see your website few days back. It is awesome. Handling so many important responsibilities besides high profile profession... Marvellous! The entire website provided a very inspiring reading. Your very close association with Swami, multiple posts you are handling in our Sai organisation, new prestigious assignments coming your way, really - amazing. You are Swami's favourite child and Swami is reflecting in you 100 %. May Swami bless you and your family with love, unlimited joy, peace and infinite energy to carry on with Sai mission.

Best regards
